

Eliem Therapeutics to Present at Stifel's 2022 CNS Days

March 21, 2022

SEATTLE and CAMBRIDGE, United Kingdom, March 21, 2022 (GLOBE NEWSWIRE) -- Eliem Therapeutics, Inc. (Nasdaq: ELYM), a clinical-stage biotechnology company focused on developing novel therapies for neuronal excitability disorders to address unmet needs in chronic pain, psychiatry, epilepsy and other disorders of the peripheral and central nervous systems, today announced that Bob Azelby, Eliem's president and chief executive officer, will present at Stifel's 2022 CNS Days being held virtually on Tuesday, March 29, 2022 at 9:30 AM ET.

A live webcast will be available on the Investors section of the Eliem Therapeutics website at <https://www.eliemtx.com>. An archived replay will remain available on Eliem's website for at least 30 days after the conference.

About Eliem Therapeutics, Inc.

Eliem Therapeutics, Inc. is a clinical-stage biotechnology company focused on developing novel therapies for neuronal excitability disorders to address unmet needs in chronic pain, psychiatry, epilepsy and other disorders of the peripheral and central nervous systems. These disorders often occur when neurons are overly excited or inhibited, leading to an imbalance, and our focus is on restoring homeostasis. We are developing a pipeline of clinically differentiated product candidates focused on validated mechanisms of action with broad therapeutic potential to deliver improved therapeutics for patients with these disorders. Eliem channels its experience, energy, and passion for improving patients' quality of life to fuel our efforts to develop life-changing novel therapies. At its core, the Eliem team is motivated by the promise of helping patients live happier, more fulfilling lives.
